

Hi, my name is Maria-Daniela Antici

Summary

Passionate Frontend Developer proficient in React, Next.js, and Tailwind CSS, with a keen eye for detail and a devotion to intuitive, user-centric design.

Committed to transforming complex ideas into seamless, visually engaging interfaces, and set on enhancing my skills and applying them in an innovative, collaborative environment.

Experience

August 2022 - Present

Frontend Developer

Maşini la Cheie - remote

- Contributed to a comprehensive redesign and refactor, notably transitioning from SCSS to Tailwind CSS and replacing various libraries, resulting in improved performance and visual consistency across all devices.
- Collaborated closely with the UI/UX department on the development of a comprehensive style system, providing valuable design insights and ensuring optimal responsiveness.

React, Next.js, Tailwind CSS, TypeScript, SCSS, Bootstrap, Ant Design, Material Tailwind, Postman.

July 2021 - August 2021

Full Stack Developer Intern

BK Hosting - Braşov, Romania

- Contributed to a toy project, developing a search functionality using Algolia and creating a replica of the app's database to optimize search performance.
- Planned and engineered seamless search functionality by updating, adding, and removing data in Algolia as needed, while implementing filters for customized search results.

React, Tailwind CSS, JavaScript, NodeJS, Docker, MongoDB, Algolia.
